The screenshot shows the Wix Website Editor interface. On the left, there's a sidebar with navigation links for Main Pages, a masterPage.js file, and a code editor window. The main area displays a dashboard titled 'Distdata dataset' with a grid of food items, their available quantities, remaining shelf life, locations, and phone numbers. Below the dashboard is a code editor with the following JavaScript code:

```
1
2
3
4
5
6
$w.onReady(function () {
```

The status bar at the bottom shows various application icons.
